

GT5 CHEATS – TOP 10 Cheats for GT5

Intro:

The Gran Turismo franchise is quite possibly the most famous and most popular car racing game of all time. When Gran Turismo the original came out, we were in awe. The graphics, the physics, the game play and the cars were like nothing we have ever seen before.

Gran Turismo 5 was released in late November in one of the most anticipated game launches of all time.

The game is, pretty much, fantastic in my opinion. However the one main criticism that I, and many millions of GT fans around the world have is that the process of obtaining the cars you want is, well, pretty crappy to put it nicely. You need to start off with some dodgy second hand cars that are slow and boring to drive only to make you enough money for a silly oil change.

This is where the latest Internet sensation <http://GT5Cheats.com> comes into play. From day 1, GT5 cheats has brought you the quickest and best ways to get through the excruciating early stages of the game as well as loopholes to get you through the game quicker for a more enjoyable experience.

Note we don't plan to actually 'cheat' anyone or anything! We just want to make the game even more enjoyable. You don't need to use these methods at all, but if at some point you're stuck, need a little extra cash, sick of waiting for the game to load or are after that car you have always wanted, then you may want to check out some of these.

Enjoy

Cheat 1: – It's Your Birthday! Or so you say it is!

You can do this at anytime; you don't need to level up or anything. The cheat goes something like this:

Ok so the theory behind this cheat is that GT5 will give you a bonus car on your birthday, from the year of your birth. So if you are a 90 baby, then you will get a bonus car from 1990!

All you need to do is change your birthday on the Playstation Network to get your free car.

An idea would be to keep changing it every so often with a different birth year so you can get different cars. Stock up on cars and sell them for cash (if you can that is) or win races with them.

There is a LOAD of information on this at the blog which you can check out by visiting the blog post here: <http://gt5cheats.com/bonus-birthday-car/>

Read the comments but don't forget, be nice, we don't want anyone to create a million accounts and ruin this for everyone. Clean up after yourself please!

Cheat 2: 10 – 20 BHP Instantly!

This trick is how you can get 10-20 bhp instantly on pretty much any car you buy in GT5.

Just change the oil before you drive it. An oil change boosts the horsepower immediately in the game. This is a really cheap way of upping the power and having an advantage over the competition when you are a bit strapped for cash!

Cheat 3: 3 Second Gold License Cheat

This cheat allows you to get a B-5 Gold License in a cool 3 seconds.

The key is to not accelerate and turn right until you hit the wall.

You can see it in action here: <http://gt5cheats.com/3-second-b-5-gold-license-cheat/>

Cheat 4: Hot Hatch Cheat

I think Polyphony made a little mistake when it came to the hot hatch series at the intermediate level!

In the Intermediate Level you can do the Hot Hatch series with ANY car. Try a Lambo, Veyron, SLS whatever! Destroy those little hatch buggers and get some quick cash and the bonus car that comes with it!

Cheat 5: GT5 Loading Times

One of my initial complaints regarding the game was the fact that loading times were way too long! You would need to wait an age before being able to get to your main home page, or to load a track. It was torture.

BUT! There is an ingenious way around it! All you need to do is not log into the Playstation Network and play the game in an offline mode. This improves the loading times drastically and the game seems to have more flow after that as there are no major waiting times.

But obviously, not something you want to try if you want to play online! (duh)

Cheat 6: 17.4k in 2.5 Minutes

First you will need to be at Level 12.

Second you will need a ride:

2006 Chevy Corvette Z06 (100k)

Tune it to 600 – 650 hp, Drop weight to stage 1, and buy some medium racing tires (50 – 60K)

Third the event:

Enter the Supercar Racing series in the Advanced Level, Select the Second track 3 laps at Daytona.

You will complete 3 laps flat out at 44-46 seconds a lap, and will earn 17.4k.

With loading time you can enter compete and win this race 3 times in 10 minutes for \$52,200

You can also use this car for the American Muscle car series & earn the same 52k for 3 races, but it takes more time.

Quick money... Noice.

Cheat 7: 100 Race Bonus Car

As the cheat name suggests this is to get a cool bonus car.

not a cheat as such but something to keep in mind.

After 100 races you get a gift ticket #1000 which gives you a bonus Fuakai concept car. Boost it up.. sell it.. whatever.. apparently its super quick.

If you haven't got the prize at 100 races then you need to complete 2000 kms to get the bonus.

Note that this doesn't include B-Spec Races.

Cheat 8: 150k in 10 Minutes

You must be already on level 22 to be able to make use of this fast money trick.

There is a load of money to be made when you reach this level. One example would be to race in the extreme series using a quick car.

5 Laps around the Rome circuit will net you 83k hard cash in your GT5 bank. (assuming you win the race!)

So that's well over 150k in about 10 minutes... actually with loading times as they are, maybe 20 minutes! But hey we also have a cheat for loading time – See Cheat 5!

Cheat 9: Turbo Challenge Cheat

You will need level 17 for this one. Its pretty straight forward and not unlike the other fast money approaches.

Access the Turbo Challenge in the extreme series and enter a decent car. The video on the site shows a worked GTR which if you're at level 17 already, shouldn't be an issue to get and modify. A decent driver could manage a lap in the low 1 minute somewhere. It's a 3-lap race which nets you 36k. So effectively by doing 3 turbo races in about 10 or so minutes you could have another 100k to spend on your next car. Not a bad way to vary the way you have money.

Check out the supporting video at the blog:

Cheat 10: German Racing Car Bug

In A-Spec Expert Schwarzwald league, the race allows only German cars with a maximum of 300bhp....

NOT! You can enter any German car you want here, 500bhp, 1000bhp... whatever!

I've run a 600bhp C63 AMG and others even tried to Sauber C9 Racecar at 1013hp!

Cool thing is you get a cool 25k for your minimal effort!

Cheat 11: BONUS CHEAT!

This cheat is really cool and easy to do. It goes something like this:

Check back at the Forum! GT5 Cheats.com has its forum with some fantastic methods like the 10 mentioned earlier. It's probably the greatest resource on the net with some great helpful members.

It's a must visit: <http://gt5cheats.com/forum/>

Hope you enjoyed these cheats.

Feel free to send this document to everyone you know that you think will find it beneficial. Lets spread the word and have a great gaming experience!
